

PROFESSIONAL SUMMARY

Full Stack Web Developer with hands-on experience building production-grade, real-time web applications using React, Next.js, Node.js, and PostgreSQL. Strong focus on authentication systems, real-time collaboration, scalable APIs, and clean system architecture. Built and deployed multiple full-stack products handling multi-user interactions, real-time communication, and complex relational data models.

TECHNICAL SKILLS

Frontend: React.js, Next.js (App Router), JavaScript, TypeScript, Tailwind CSS, SSR, CSR

Backend: Node.js, Express.js, REST APIs, Authentication & Authorization

Databases: PostgreSQL, MongoDB, Prisma ORM, Firebase

Auth & Security: OAuth 2.0, JWT, NextAuth.js, Clerk, Lucia Auth

Real-Time Systems: WebSockets, real-time chat, collaborative workflows

DevOps & Deployment: Docker (fundamentals), Vercel, Render , Netlify

Tools: Git, GitHub, Postman

EXPERIENCE

Full Stack Developer — PeerPrep (Project)

Live | GitHub

- Architected a real-time collaborative coding platform supporting multi-user sessions
- Implemented WebSocket-based synchronization to maintain consistent state across users
- Designed RESTful APIs for session management, authentication, and access control
- Optimized client-server communication to reduce redundant API calls
- Deployed the application in a production environment

Full Stack Developer — Socially (Project)

Live | GitHub

- Built a full-stack social media platform with posts, bookmarks, notifications, and real-time chat
- Designed relational database schemas using PostgreSQL and Prisma
- Implemented secure authentication and authorization workflows
- Developed scalable REST APIs for user and content management

Full Stack Developer — Spendly (Project)

Live | GitHub

- Developed an AI-assisted expense tracking application with automated categorization
- Built interactive dashboards for spending analytics
- Ensured secure authentication and user data isolation

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

7.52 CGPA

Dr. A. P. J. Abdul Kalam Technical University | 2023 – 2027

WORKSHOPS & HACKATHONS

Participated in a Blockchain Bootcamp, gaining exposure to decentralized systems and smart contract fundamentals

Participant, Chandigarh University Hackathon, collaborated in a team-based problem-solving environment

ACHIEVEMENTS

Team Leader – Smart India Hackathon 2025 | Top 2 out of 50+ teams
