LinkedIn | Portfolio

Aspiring Full-Stack Developer with strong experience in building scalable, real-world web applications using modern technologies. Hands-on experience with collaborative systems, authentication, real-time features, and production deployments.

TECHNICAL SKILLS

Frontend: React.js, Next.js, JavaScript, TypeScript, Tailwind CSS, SSR, CSR

Backend: Node.js, Express.js, REST APIs, Authentication, Authorization

Databases: MongoDB, PostgreSQL, Prisma, Firebase

Auth & Security: OAuth 2.0, NextAuth.js, Clerk, Lucia Auth, JWT

AI & OCR: OCR text extraction, AI-based data processing

DevOps: Docker (basic), Vercel, Render

Tools: Git, GitHub, Postman

PROJECTS

PeerPrep – Collaborative Coding Platform (LeetCode-style)

Live | GitHub

- Real-time collaborative coding platform with video calls, live chat, and screen sharing
- Enables multi-user problem solving and interview-style practice sessions
- Built using MERN stack with TanStack Query for efficient server-state management

Socially – Full-Stack Social Media Application

Live | GitHub

- Feature-rich social platform supporting posts, bookmarks, notifications, and real-time chat
- Secure authentication and scalable relational data modeling
- Built with Next.js, TanStack Query, Lucia Auth, Neon (Postgres), and Prisma

Spendly – AI Expense Tracker

Live | GitHub

- AI-powered expense tracking with automated categorization and insights
- Interactive analytics dashboard for monitoring spending patterns
- Built with Next.js, TypeScript, Prisma, and Clerk

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science Engineering

Dr. A. P. J. Abdul Kalam Technical University (2023 – 2027)

Higher Secondary (Class XII)

N.L.K Vidya Mandir Inter College (2021 – 2022)

WORKSHOPS & HACKATHONS

- Participated in a Blockchain Bootcamp, gaining exposure to decentralized systems and smart contract fundamentals
- Participant, Chandigarh University Hackathon, collaborated in a team-based problem-solving environment

ACHIEVEMENTS

Qualified College Internal Hackathon as a Team Leader – Smart India Hackathon 2025 (Top 2 out of 50+ teams)
